

ABSTRACT "Annual Scientific Meeting of PAMKI 2024"

Abstract submission deadline Extended: 30 June 2024

Submission Requirements:

Please follow the instructions below to submit an abstract:

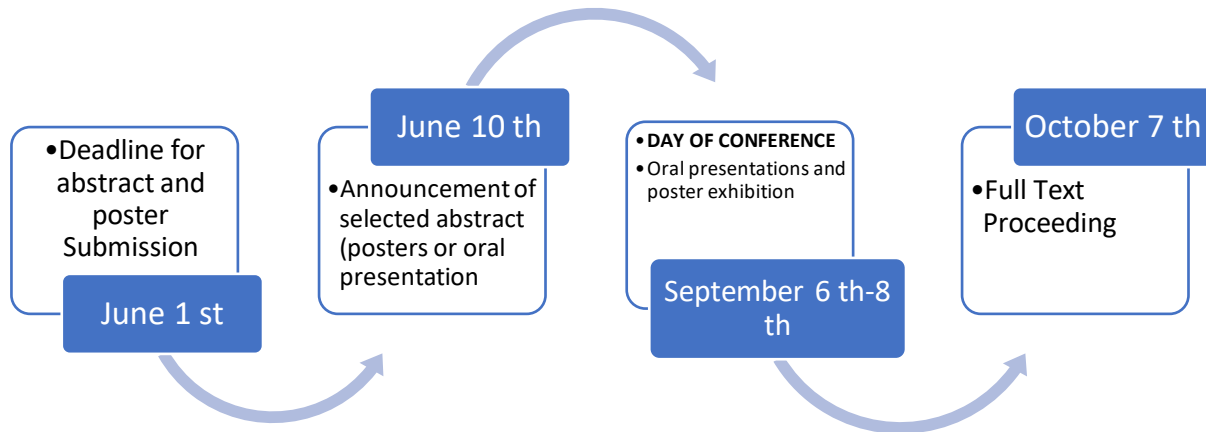

1. You must complete your registration before submitting an abstract. If you have not yet registered, please visit the [PIT PAMKI PEKANBARU 2024](#).
2. The work displayed is original work and free of plagiarism.
3. Format of scientific work that can be included:
 - Case presentation/case report
 - Evidence-based Case Report (EBCR)
 - Original article
 - Systematic review
 - Meta-analysis
4. All abstracts must be submitted in **English**
5. All abstract submissions are reviewed by our judging committee. You will be notified by email, indicating if you were accepted or rejected. If accepted, you will also be notified as to what presentation you have been invited for (Oral or posters).
6. The committee's decision cannot be contested
7. The committee has the right to display scientific work (in the form of abstracts, posters, or oral presentations) that have been submitted by participants, for as long as the committee requires.
8. The research presented and published in this symposium will be published in proceedings which will be indexed by Scopus after going through a double-blind review process by reviewers with relevant expertise. Therefore, authors who aim to publish research results in Scopus indexed proceedings must revise their manuscript according to the reviewer's suggestions within the specified timeframe. Manuscripts that are not revised properly or pass the allotted timeframe will be rejected for publication. An additional fee will be charged for each manuscript published in Scopus indexed proceedings (to be announced soon)
9. Participants can send an abstract by submitting it on this website or sending it to email pamkicabangriau@gmail.com

How to Submit

4 Simple Steps

Step 1: View the Schedule-at-a-Glance

Important Date:

Step 2: Choose Your Scientific Track

- Viral infection & disease (incl COVID-19)
- Bacterial infection & disease
- Bacterial susceptibility & resistance
- Diagnostic microbiology
- New antibacterial agent, PK/PD & Stewardship
- Fungal infection & disease
- Healthcare-associated infections, infection prevention & control
- Experimental microbiology, microbial pathogenesis & biofilms
- Immunology, immune compromise & vaccinology

Step 3: Prepare Your Abstract

Abstract format:

1. Abstract writing outline:

- Original article, EBCR, systematic review, and meta-analysis: IMRaD (Introduction, Method, Results, and Discussion)
- Case presentation: introduction, case illustration, conclusion
- Key words are written below the article abstract

2. Writing the article title:

Times New Roman 14 point (pt), bold, with 1 spacing (line spacing = 1 line) and placed symmetrically in the middle.

3. Writing the author's name:

- Written under the title
- Times New Roman 12 point (pt), with 1 line spacing
- The name of the institution of each author is listed below the author's name
- Email correspondence is written below the list of institutional names
- The writing of the contents of point 3 is placed symmetrically in the middle

4. Writing abstracts:

- Times New Roman, 12 point (pt), with 1.5 spacing (line spacing = 1.5 lines)

5. A4 paper size

6. The name and institution of the author are included in the scientific work. The name of the first author is the participant who will present their scientific work (if selected for the oral presentation)

7. Abstract word count: maximum 250 words

Step 4: Submit Your Abstract
